

Recipe dog biscuits with petplus[®] zeolite ALSO IDEAL FOR PUPPIES!

Only the best ❤️ for your 🐾

Ingredients

- 250 g curd
- 220 g oat flakes
- 1 egg yolk
- 100 g petplus[®] zeolite
- 5 tablespoons milk
- 5 tablespoons oil (olive, linseed, pumpkin seed, or similar)

Preparation

Mix all ingredients well, work into a smooth dough and roll out to a thickness of approx. 0.6 cm. If the dough is too soft, you can harden the consistency with a little more petplus[®] zeolite. Cut out shapes and bake in a preheated oven at approx. 160°C for 15-20 minutes. Allow dog biscuits to air dry thoroughly (for a few hours) and do not store them in an airtight container.

Good luck and have fun pampering!
